The volunteer will visit and spend time with children receiving treatment, organizing games, arts and crafts competitions, and entertainment programs. They will help plan and implement charitable events, promote the foundation's work internationally, and write articles about activities. Volunteers may also help set up game rooms in the hospital and organize group activities, concerts, and creative workshops. The role combines direct work with children and administrative experience in event organization and communication.

The volunteer will receive a monthly allowance for food, transport and other expenses. The volunteer will benefit from language support and mentorship throughout the

project. In addition to their regular project activities, HUU also organizes a variety of cultural and social events for volunteers. These may include visits to museums, ballet and opera performances, as well as excursions to explore areas outside the capital.
